

Reignite the Passion of Learning

Over the years, Alpha Omega Publications' Bible-based curricula have provided academic solutions to a broad range of challenges faced by Christian schools across the country. To continue to provide the effective educational tools you've come to count on, we're making learning new with Ignitia, AOP's learning management system designed specifically for Christian schools.

Ignitia is a versatile and multifunctional online learning platform, providing users an easy-to-use, intuitive online interface, streamlined efficiencies, and interactive features that enrich the educational experience for Christian teachers and students.

Advanced administrative control – Multiple administrators can be specified for a single school to increase flexibility and security.

Progressive school-year scheduling and lesson planning – Dynamic scheduling and rescheduling allow administrators to globally manage school schedules for multiple terms. The application automatically updates when changes are made to the calendar.

Media-rich learning – Students connect to learning with more than 50,000 multimedia elements including audio and video files, challenging games, interactive exercises, and historical timelines that reinforce content and make learning fun.

Flexible custom course editor and threshold setting – Courses can be created, shared, and adapted to support differentiated learning and meet unique student needs.

Smart search and filtering functions – Relevant data can be quickly retrieved from targeted lists to increase efficiency and simplify reporting.

Strong, reliable security safeguards – Role-based access controls, automatic session expiration, and other security features enforce and support a credible learning experience.

Intuitive, easy-to-use interface – The new look and feel of this platform facilitates navigation and guides users seamlessly through the curriculum.

Data management and reporting tools – Automated solutions for organizing information, reporting data, and tracking student day-to-day progress simplifies the creation of reports.

Message center – Designed to facilitate the flow of information, our message center enriches the learning experience both inside and outside a specific course.

Based on experience gained by providing effective Christ-centered curriculum since 1977, the powerful Ignitia learning management system allows Christian schools to benefit from access to the latest digital technology available in the Christian market, while holding true to traditional values founded on faith.

IGNITIA – IT'S LEARNING MADE NEW.
